Subject: Registration Review Label Mitigation for Boric Acid  
Product Name: Pro-Joe's Roach Bait / Gel Formula 15  
EPA Registration Number: 54452-6  
Application Date: Oct 7, 2018  
Decision Number: 550737

Dear Anna Crowder:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Boric Acid Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Miguel Zavala by phone at 703-347-0504, or via email at [zavala.miguel@epa.gov](mailto:zavala.miguel@epa.gov).

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed. May cause eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Notice**

Read and understand the entire label before using. Use only according to label directions. Before buying or using this product, read **Warranty Disclaimer** and **Limitation of Remedies** statements found elsewhere on this label. If terms are unacceptable, return unopened package to seller for full refund of purchase price. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under **Warranty Disclaimer** and **Limitation of Remedies**.

**To control cockroaches:** Use suitable equipment, such as [the handy squeeze tube;] [a spatula with the wide mouth container;] a bait dispensing gun or hand plunger with the 30 gram syringe, to apply Pro-Joe-S Roach Bait Gel in amounts about the size of a grain of corn about every linear foot at or near harborage or aggregation areas, such as under and behind the refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs; into openings around drains, sewers, manholes, water pipes and electrical conduits; and in cracks and crevices along baseboards and in corners of cabinets, cupboards and closets. Remove drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then apply the gel into each corner of the drawer wells. Reapply the same as above at least

once a year or sooner if infestation should occur. Any gel visible after application must be scraped into cracks and crevices or be removed. Apply in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs. Do not apply product in non-harborage or non-aggregation areas.

**Directions for applying in new construction to control cockroaches:** When treating large areas, such as wall, soffit and subcabinet voids in new and existing construction, apply the gel liberally.

Pro-Joe-S Roach Bait Gel may be used in homes, restaurants and other food handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theaters, ships, boats, trains, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries and utilities.

### **CRACK AND CREVICE TREATMENT**

**FOOD AND FEED HANDLING ESTABLISHMENTS:** Places other than private residences in which exposed food or feed is held, processed, prepared or served.

**FOOD AREA - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY:** Includes areas for receiving, storage, packing (canning, wrapping, boxing), preparing, edible waste storage and enclosed processing systems such as mills, dairies, bakeries, restaurants or anywhere food or feed is stored, processed, prepared or served. Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply the product in small amounts about the size of a grain of corn about every one linear foot directly into cracks and crevices, in points between different elements of construction, between equipment and floors, into openings leading to void and hollow spaces in walls and around equipment legs and bases, conduits and motor housings, where cockroaches hide.

**FOR OUTDOOR USE:** Place bait in areas adjacent to structures where roaches may rest or breed. Apply bait to potential points of insect entry, such as eaves, sills and expansion joints. Apply bait to protected areas whenever possible. Excessive water may reduce the residual effectiveness.

Care should be taken to avoid depositing the product onto exposed food and feed processing and preparation and serving surfaces, or introducing the material into food and or feed processing surfaces to avoid contamination.

**APPLICATION OF THIS PRODUCT IN THE FOOD AND FEED AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, IS NOT PERMITTED.**

**SERVING AREAS** – Includes facilities where prepared foods are served, such as dining rooms, but excludes areas where foods may be prepared or held. Apply as a spot treatment to selective surfaces such as baseboards and under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

**NON-FOOD AREAS** - Includes garbage rooms, lavatories (or drains to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboard areas, around water pipes and on surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

NOTE: Do not apply bait to areas which have been recently sprayed with insecticides or spray insecticides over bait placements, as this may cause the bait to become repellent. Do not place bait in locations that are routinely washed,

as bait will be removed by washing. Do not place treatments in locations where routine cleansing operations may transfer diluted bait to food or food preparation surfaces.

Numerous smaller placements will provide faster control than a few larger spots, especially for German cockroach control.

*{S&D to be used for all household/residential products}*

#### **Storage and Disposal**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool dry place. Do not store where children or animals may gain access.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable Container. Do not reuse or refill this container.

**If Empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

*{For product packaged in rigid, non-refillable containers less than or equal to 5 gallons;}*

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Store in a dry place. Do not store where children or animals may gain access. **PESTICIDE DISPOSAL:**

Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

**CONTAINER DISPOSAL HANDLING:** Nonrefillable container. Do not reuse or refill this container.

[OR]

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Wrap used reservoirs and place in a trash can.

*{For product packaged in rigid, non-refillable containers greater than 5 gallons;}*

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in a cool, dry (preferably locked) storage area inaccessible to children and pets. Do not freeze.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER HANDLING:** Nonrefillable container; do not reuse or refill this container. Triple

rinse (or equivalent) container promptly after emptying. Triple rinse as follows: Fill the container ¼ full with water.

Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container

over onto its other end and tip it back and forth several times. Dispose of rinsate. Repeat this procedure two more times. Then offer for recycling, if available; or reconditioning, if appropriate; or puncture and dispose of in a sanitary

landfill; or by incineration.

*{The batch code or lot number will appear either on the container or labeling per PR Notice 2007-4}*

#### **WARRANTY DISCLAIMER**

To the extent not prohibited by applicable law, Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. To the extent not prohibited by applicable law, **MANUFACTURER MAKES NO**

**OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.**

**Inherent Risks of Use**

The directions for use of this product are believed to be adequate and must be carefully followed. It is impossible to eliminate all risks associated with use of this product. Lack of performance or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, the presence of other materials, climatic conditions or the manner of use/application, all of which are beyond the control of the Manufacturer. To the extent not prohibited by applicable law, the buyer/user assumes all such risks.

**Limitation of Remedies**

To the extent not prohibited by applicable law the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability or other legal theories) shall be limited to, at Manufacturer's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

To the extent not prohibited by applicable law: a) Manufacturer shall not be liable for losses or damages resulting from handling or use of this product unless Manufacturer is promptly notified of such loss or damage in writing; and b) **TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW IN NO CASE SHALL MANUFACTURER BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OR LOSSES, INCLUDING WITHOUT LIMIT, HEALTH RELATED DAMAGES OR INJURIES.**

The terms of this **Warranty Disclaimer** and **Limitation of Remedies** cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Manufacturer or the seller is authorized to vary or exceed the terms of this **Warranty Disclaimer** or **Limitation of Remedies** in any manner.

It is not intended that this product be used to practice any applicable patent, whether mentioned or not, without procurement of a license, if necessary, from the owner, following investigation by the user.]
